

About me
and my allotment...

REGISTERED CHILDMINDER

Caroline McCurrach

In summer

In winter

Toddlers on an allotment...

How does that work?

Make it easy for yourself...

By being prepared!

waterproof dungarees

Children's tools
within reach

Play area

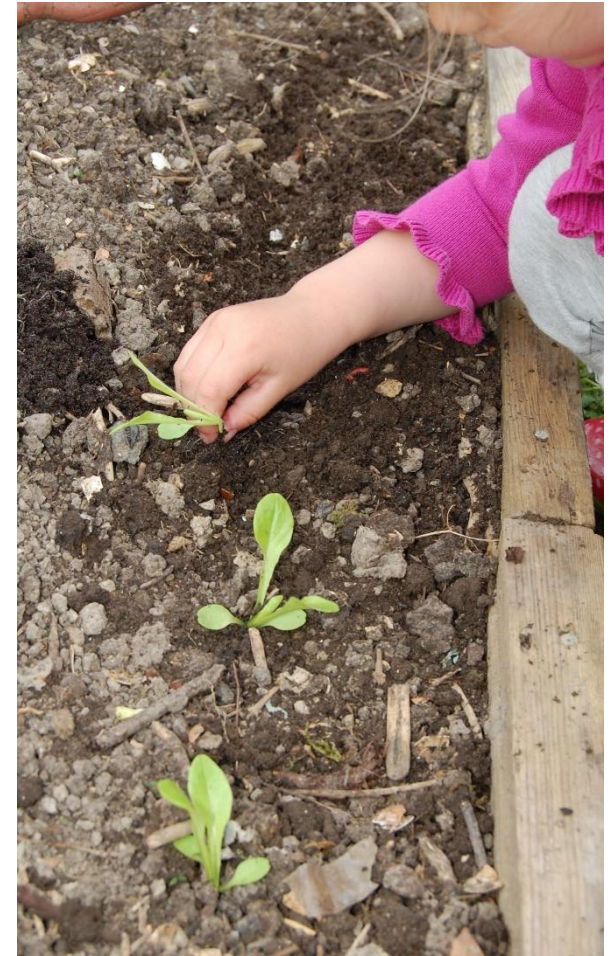

Storage
bin

A water butt they can use by themselves.

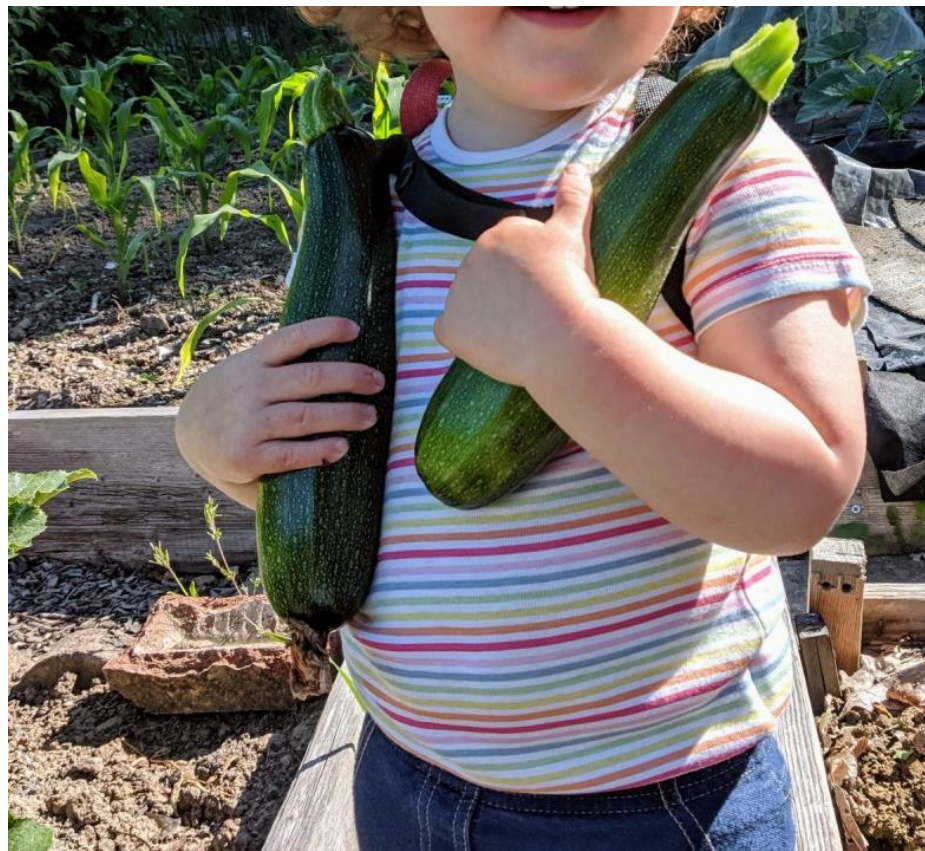

We do do some of this...

...and plenty of this...

...but it's not all about growing.

It's outdoor learning...

We make music...

We create and build...

We count and discover...

We eat...

We explore with all our senses...

We chat to
the neighbours...

We climb and balance.

Be prepared
and you can do it!

Thank you.
