

We work with schools, colleges, businesses, households, community groups, and councils to inspire sustainability through education and initiatives across Sussex. We have various initiatives across the county, including the Horsham Repair Café, Zero Waste Shop, Youth Eco Forum and Sussex Green Hub, to name but a few.

We'd love for you to join our new **GREEN BUSINESS NETWORK**

Joining is easy and involves a choice of:

- Booking a 45-minute 'Lunch & Learn' session for staff climate action, covering fast fashion, switch and ditch – making better shopping choices, waste reduction, biodiversity, and more. Online, in person or a combination of the two, includes Q&A and a green action plan.
- Sponsoring one of our key initiatives, such as a Pollination Education Station
- Selecting Sussex Green Living as a charity to fundraise for.

Why Join?

- Demonstrate ESG commitment
- Stay ahead with eco-friendly practices
- Mitigate risks, ensure resilience
- Positive workplace, PR benefits
- Support local community
- Save money with sustainable practices

OTHER WAYS YOU CAN HELP

- **Payroll giving** – enable employees to easily fund our community work
- **Volunteer** – at our events and in schools.
- **Pro bono** – Lend your businesses' skills or expertise.

OUR PRIORITY PROJECT – THE POLLINATION EDUCATION STATION

Britain's nature, a depleted oasis, relies on pollinators for every third mouthful we savour – the unsung heroes behind our food and thriving ecosystems. Human activity has transformed built-up areas like Sussex, demanding innovative conservation solutions. Cue our Pollination Education Stations.

Our goal is to create a Pollination Education Station Trail across Sussex to boost biodiversity and amplify awareness of ongoing environmental initiatives. Together, let's nurture our ecosystems and celebrate the essential role of pollinators.

What is a Pollination Education Station?

A purpose-built structure crafted from repurposed materials, provides a safe, eco-luxury haven for our essential winged friends. Each station includes an educational plaque, fostering awareness and action. Plus a wooden 'sponsored by' sign.

How Can You Help?

Join businesses, pubs, councils, schools, colleges, groups, and individuals across Sussex:

- Purchase and install a Pollinator Education Station on your property.
- Sponsor a local school to host a station on their grounds.

WHAT DOES IT COST?

Option 1. Supply and deliver a Pollination Education Station*, which includes herb bed and peat-free compost-only and plaque (without pollinator station materials and herbs/plant up yourself) = £500

Option 2. Green Business Network membership with 1 x online 'Lunch & Learn' session = £500

(same price in person within a 20-mile radius of Horsham; a quote can be provided for in-person sessions beyond 20 miles)

Option 3. Supply and deliver a complete, planted Pollination Education Station* = £900

(this can either be for your own property, or you can 'sponsor' a school of your choice)

Option 4. Bronze Earth Protector package – Green Business Network membership with 1 x Lunch & Learn session and a supply-only Pollination Education Station* (1 above) = £1,000

Option 5. Green Earth Protector package - Green Business Network membership with 1 x Lunch & Learn session and a complete Pollination Education Station* (3 above) = £1,400

**Including an educational plaque printed on recycled plastic, plus a small wooden plaque with pyrography 'Sponsored by ... company name'*
